

Registration

I hereby register to the NeproPharmacology Meeting on 23rd of November 2019 in Munich, Germany.

Name:

Hospital/Institute:.....

Address:

.....

E-Mail:

Signature:

I will submit an abstract:

Yes No

Registration:

(Registration is free. Please register until 5th of November 2019)

Lutz.Renders@lrz.tum.de

Fax: +49 (0) 89 4140 7734

Abstract Submission:

(Deadline: 5th of November 2019)

Lutz.Renders@lrz.tum.de

Oral Presentation:

15 min + 5 min Discussion

Klinikum rechts der Isar der TU München

Details

18th Nepro Pharmacology Meeting

November 23rd 2019

10:00 - 16:00

Klinikum rechts der Isar
Translatum
Einsteinstraße 25
81675 München, Germany

Topics

- PK-PD of immunosuppressive drugs
- Therapeutic drug monitoring in renal failure
- Drug dose adjustment
- Drug information systems
- Anticancer drugs and the kidney and related topics

Invited Participants

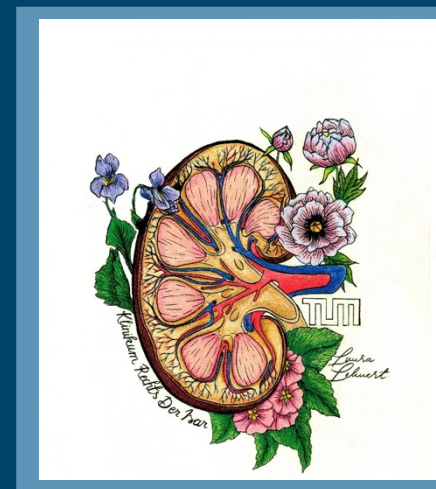

- Nephrologists
- Clinical pharmacologists
- Clinical pharmacist
- Other scientific experts with interest in Nephrology

Language

English

18th NeproPharmacology Meeting

November 23rd 2019

10:00 - 16:00

Munich, GERMANY

Invitation

Dear colleagues,

we are very pleased to invite you to the 18th NephroPharmacology Meeting, organized by the Ludwig-Maximilian University (Dr. Cornelia Vetter-Kerkhoff) and the Technical University of Munich (Prof. Dr. Lutz Renders).

NephroPharmacology is the intersection between clinical pharmacology and nephrology. The field is expanding due to the growing interest in pharmacokinetics, drug dose adjustment in patients with impaired renal function, renal replacement and intensive care therapy, immunosuppression and kidney transplantation, therapeutic drug monitoring, nephrotoxicity, drug therapy of co-morbidity and of primary kidney diseases.

We believe that working interprofessionally as pharmacists, pharmacologists, nephrologists and other professionals in this special field is important for patient safety.

Main topics of this year's meeting will be

- Pharmacokinetics and dosing of drugs in different stages of renal impairment, renal replacement therapy and after transplantation
- Safety and toxicity of drugs
- Therapeutic drug monitoring in CKD patients
- Drug information systems
- and related topics.

The meeting will be an excellent opportunity to discuss relevant changes in the field and present your own research.

We are looking forward to seeing you in Munich!

Kind regards
Cornelia Vetter-Kerkhoff
Lutz Renders

Organizing & Scientific Committee

Prof. Dr. med. Lutz Renders
Klinikum rechts der Isar
Division of Nephrology
Ismaninger Str. 22
81675 München, Germany

Dr. rer. biol. hum. Cornelia Vetter-Kerkhoff
University Hospital, LMU Munich
Doctoral Program Clinical Pharmacy
Marchioninstr. 15
81377 München, Germany

Prof. Dr. med. Frieder Keller
University Hospital Ulm
Division of Nephrology
Albert-Einstein-Allee 23
89070 Ulm, Germany

Prof. Dr. med. David Czock
University Hospital Heidelberg
Department of Clinical Pharmacology and
Pharmacoepidemiology
Im Neuenheimer Feld 410
69120 Heidelberg, Germany
